**Subject: Invitation to AWS Tower Event with the theme “Diversifying Cloud to All”**

Dear Mr. Noel Yap,

On behalf of the AWS GC CCS Learning Club, we would like to invite your College of Computer Studies department to participate in our upcoming event, with the theme “**Diversifying Cloud to All**”. It is a one day workshop event that takes place on **March 28, 2025**, at the **AWS Tower, Arthaland Century Pacific Tower, BGC, Taguig City**.

The event provides valuable insights on how cloud computing changes technological trends in today's world. It features industry leaders, professionals, and student leaders discussing the latest innovations, trends, and applications in the field of cloud computing. This event offers numerous benefits including:

- **Network and Career Exploration:** Connects with professionals, recruiters, mentors, and students from different universities to explore career opportunities and collaborations.
- **Knowledge Sharing and Skill Development:** Attend insightful talks about cloud computing innovations, technological advancements, and industry trends.
- **Community Building and Diversity:** We strongly encouraged inclusivity and diversity to empower underrepresented communities in tech. The purpose of our event is to provide the same opportunities to underrepresented groups, ensuring the same access to learning and networking as those in the major urban cities in our country.
- **Showcasing AWS Expertise:** This event will highlight the technologies, real world applications, and practices of AWS. Attendees will have the opportunity to understand how AWS services influence the future of the tech industry.

We kindly request that a group of 10 students from your College of Computer Studies attend our event in order to provide an engaging and meaningful experience. This will ensure learning and networking opportunities for your students.

### AMAZON WEB SERVICES LEARNING CLUB

---

We look forward to your participation and support in making this event a success. We appreciate any support your department can extend in facilitating transportation, food, and other logistical expenses needed for your college's participants attending this event. Chief Relations Officer **Stephanie Caseja** has been entrusted with the responsibility of personally visiting your university to formally discuss and address the event with your representative. You can also contact us at [awsgordoncollegeccs@gmail.com](mailto:awsgordoncollegeccs@gmail.com) for any clarifications.

Sincerely,

Adrian Cris Gallano
